In frame of laughing people, yesterday can I just say we do already our leverage on man kind where is yours and if you have stolen from us so that every one nose our service, regardless what justice compass you have your are not able to complain that you have to spy on us and to be a thief that you have stolen from us, the only one Laughing is you behavior not be able to complain with thinks that are bigger than you in realization of that matter, your brain stuck and act like a child. May God bless you in our suffering show we the world the excess on power abusing shit outside Principles of law that suppose to ensure the right in equal way for everyone, and bye the way, there are more than 50 000 trillion USA Dollar depts, 20 Trillion per day loses, that suppose to be used to build and realize great and big Project, you should cry for sadness that this incompetent Government is not able to complain with such things and put not our future on jeopardy yours to, regardless how you think about it, I smile, one more time show God his mercy and binges, infinity and eternity, grace from God and thru him, and you masst up with the rest of the imbecilic elected ho ever is responsible, direct and indirect!! In a meaning to be tortured with an Implant that spy on me and put an laud peep brainwashing shit in my ears, the question is where is comes from from home exposed and authorized thinks that you better should care! Yea we insist of one peace of paper, The Constitution of United States of America, and America supose to be united and not there down this peace of paper supose to have it everywhere in a golden Frame on the wall and say thru this thing I'm proud to be one, American!!! Red on

white we stay to our promises!!!

I have identified on this through age and diffined, afternative this are my sentences and one with almy meaning!
