1 affirmative, as here defined and identified, this are my sentences and with all meaning on it
 In Frame of examination and destroying my Mental health thru over pulling Information in my device and Peeeping al over the time, Hiding of Data on al income and outcome signals,

Hiding of al used technologies that is used to destroy my and maybe a lot of people Mental Health, as weapon, to let me go amok, to kill everyone, because the Administration refuse the free world principles of freedom and don't allow me to put X-ray and M.R.I. Picture as evidence for the World that this imbeciles attack unprovoked and with out any hostility an Kingdom to put it to the ground, don't accept declaration of free will not, accept expression under the law, as Constitution, and Declaration of Universal Human Rights, don't accept the UN CHARTA and make it to law, agree with country's as criminal organization, Romania, that have in The Constitution the right to have stateless individuals, what under the UN CHARTA is impossible, and put under disobedient to those laws, every right to cal him self as Government under the UN Charta, this principles is gone or is accepted as new law in international Space, as here known I was declared as stateless, what hereby I recognize my self as Kingdom of Solomon and al here known of my territory as stateless, as here known I prove it, have also no paper that is value enough to be shown, as consequence of this action and under the law of UN, I here, put in place, as agreement and the new understanding of this Law Stateless are hereby approved, the birth certificate from Kingdom of Solomon was made before I was made stateless, also the founding Paper of the Kingdom of Solomon, The former F.B.I. confiscated it also the Passport, self made, confiscated.

The UN is a design of free Society under rules that everyone agree with, an agreement with symbols of power and identification was made, is also duty to follow those there agree rules, otherwise you have to leave the UN, negotiation points are just from me here defined and identified to made, IN frame of Liberty's and Freedoms, in equal ways how God give it to us, to use Military equipment to accomplish or to force rules is not negotiable, as alone, lonely on the World Stage, to talk about War in a meaning and level of High society and replace freedom, what should define an payment of Power, is not the agenda in God grace and Mercy that was given to us, alone as the voice from one individual, without any thread and weaponized State, with just one sentence and power of just one Natural Person, The Law in meaning of principle of freedom and liberty's as equal in Eyes of God as an small one in this endless Universe, that we can call Home!!! We take care about our inner borders for that what somebody already bleed for and fight, recognize that rules are important, as known from the Holy Bible the first understanding what is Good, In frame of this Principle we develop from deferend kind of society that what in an more then one time under tragic circumstances, that, what we have today, if also the warnings from the past with al the stupidity on violence and destruction, don't teach us nothing, is the meaning of intelligence maybe from my one kind, not valuable and is to agree with Peace and Prosperity, we should not have the rules with bleeding payment and kill each other.

The USA Congress, and I repeat here, it make it to Law, as they work with non existent Government in Romania, they agree and accept the Government, make it to Congressional decision what in frame of the Constitution, law making is! Every agreement from the White House is an agreement from the Congress, otherwise there was tools of power in this system to make it reverse, void, non existent!!! Now this Global consortium of Criminals with Biden and Harris together, sponsors call, in this area of the Globe, will be recognize that Right and wishes in a dream after and beyond this here declared rights are just soup bauble, and it end, that an stupid in duty plop from nowhere and say, " listen that is enough now, because there is a God that see everything and listen to everything, can be not good at al after your dead!!! Change your way!!! In this case as alone and, I agree with out any meaning on proved power will be this sentences now and in the past ignore? And with forwarding ignorance it's create now an dangerous environment with establish expression of right's and criminal activities...

The question here is when you have rights and duty as known under the known Law, before or after an Military high equip force?

The businesses and from you described mental Illness "Power with Military force" of the Temple is the Bussiness and the Matter of the Temple of Solomon,

YOU ARE NOT EVEN IN RANGE OF 20 high 10 AU to get that
