Things in the justice system was slowly there down and we saw it, Military misconduct and
political power,

abusing from people that are not lited any more on the meaning, freedom, liberty, and
equality under the Constitution of the United States of America what already is an threat for
al of us on the world stage,

I'm apologies, there is non drug History in the day that I walk in the Light to change meaning
and conciseness in those courts and nights of darkness that this country face now since
2019, as how is documented prepare my escape from Germany, with my Son in United
States of America, first of all propaganda that we shoot on civilians is exactly that! Meaning
of assets or blow up people and cars, there is now an despoilment , an education from God
given is, I will say, advance enough to prohibit that, in the most of time of embicilism are few
people on (balloon power)that you have just to blow it up, bye the way power is non existent

is just in your had, like fear, greed, lust, have with the reality of that what all of us see
nothing to do!!! Is just, an balloon that the only one that can see it is this small group of
people, you have to fuck this people up(American expression, I'm sure there are an
dictionary meaning) The courts was teach to get the high valuated cases down, and the
rights in entire justice system to be able to compensate Wars and economical losses for
communism party, to be able not so much doing(I chose this language maybe you
understand) brain activity on mummification members of "power" so is than more able to
do...nobody knows...should be important

,also you have all this very, very, veeeery, experience guys that, if you dill with that once,
you may(expression again, "face the rod with your face in a meaning that it hurts") than
understand you loses and poverty, talking from trillion of dollar throwing away because you
have all this self defined prince and quins and Kings, that they relay thing have power,
spooring the public space with dump shit and not so smart politicians, **SPONSORING!** This
is why in some particular case, you create 20 Trillion U.S.A. per day and try to push it as lie,
because you dump, you was chosen from "billion" dollar guy that now are responsible for
trillion of Dollar loses in this country, outside the Constitution, with an perfect
mummification!

Than----to make it perfect---you create Derilution of duty and betrayal of the country with
high-tech Military equipment knowledge and given for the public free, that some country
don't have no meaning on patent rights and copyrights, ho cares, this couple in the White
